GET TO KNOW US

WHO WE ARE

The University of Eldoret is situated approximately 9 km along the Eldoret-Ziwa road in Eldoret town, Uasin Gishu County. It was founded in 1946 by the white settlers as a Large Scale Farmers Training Centre. In 1984, it was converted to a teachers training college and renamed Moi Teachers Training College to offer Diploma Science Teachers Training. Due to the double intake crisis, the College was taken over by Moi University as a Campus in 1990, renaming it Chepkoilel Campus. From 1990, the University made it a campus of natural, basic and applied science programmes. In August 2010 the President, through Legal Notice No. 125 of 13 August 2010 upgraded the campus into a University College with the name Chepkoilel University College, a Constituent College of Moi University. Upon the award of Charter by the President on March 2013, the University College was renamed University of Eldoret.

The background of the page is a photograph of the University of Eldoret's main gate. The gate is a large, white, arched structure with a central emblem on top. It is flanked by two pillars and has a fence in front. There are signs on the gate, including a 'KEEP LEFT' sign and a speed limit sign for '20'. The sky is blue with some clouds. The text 'GET TO KNOW US' is overlaid in the top right corner in a large, white, sans-serif font.

GET TO KNOW US

OUR CORE VALUES

At University of Eldoret, we are committed to living out core values that influence our actions and practices. These values form the basis for leadership and management practices and guide the behavior of all our staff. The University's core values include the following and embrace all critical areas of our operations:

Integrity: We aim to espouse transparency and integrity in our actions and conduct.

Innovativeness: Embracing change and continuous improvement.

Customer satisfaction: We aim to deliver quality services to our customers and to honour our commitments.

Competitiveness: We are committed to global visibility and competitiveness in our academic pursuits.

Equity: Fairness and equal opportunities to all.

Responsiveness: We will exercise awareness to the needs of our stakeholders.

Inclusivity: To take into consideration the diverse needs of the UoE family and stakeholders

ORIENTATION MESSAGE – 2022/2023 ACADEMIC YEAR

MESSAGE FROM THE VICE-CHANCELLOR

Our roads are diverse but our goal is one. We originate from diverse backgrounds but unified by Education. Down from the valleys, through the hills, past cities and emerging town, you have traversed so that you can be counted among the many who aspire to join University of Eldoret, the Flame of Knowledge and innovation.

You are joining this centre of higher education at a very ideal time, a time whereby the value of education is cherished, a period where University education is much needed and at era whereby students have a choice. Allow me to congratulate you all for passing your exams which ensured that you were placed in this University. Here at the University of Eldoret a centre of Agriculture, Applied Sciences, Blue-Economy and Innovation, we value the diversity that you bring, and I assure you we will transform your zeal to learn and mould you into a career person that the industries within and beyond demand. We are not only a centre for learning, but we are multi-faced. We will expose you to various spheres of excellency, be it in co-curriculum arena, incubation spheres and innovation spectrum. Rest assured that your choice to enrol at this university is not for granted. Remain steadfast, have a target and focus towards your ultimate goal of completing your studies at the requisite time and graduating.

'You don't get result by focusing on results, you get results by focusing on the actions that produce results' – Mike Hawkins.

**Prof. Teresa A. O. Akenga
Vice Chancellor**

ORIENTATION MESSAGE
– 2022/2023
ACADEMIC YEAR
DEPUTY VICE-CHANCELLOR
(ACADEMIC & STUDENTS' AFFAIRS)

Dear students,

I would like to warmly welcome you to University of Eldoret, "The Flame of Knowledge and Innovation". The University has eight (8) schools and details of the programmes offered in these schools can be obtained from the various Deans during the orientation period. Ensure to know your school, department, and your programme of study.

In addition to your academic work, you are encouraged to join co-curricula activities of your choice coordinated through the Dean of Students office. In matters concerning HELB loans, you may also liaise with the Dean of Students for any assistance you may need.

The University encourages all students to adhere to the rules and regulations governing students as provided in the students' handbook received alongside your admission letters. These are the rules and regulations for exams and those for students' conduct. As university students, you are young adults expected to fit in the university community with ease. Use diplomacy in relating to fellow students as well as university staff including lecturers.

Take advantage of the students' leadership and students' affairs office for your support services in channelling any concerns as per rules and regulations governing the conduct and discipline of students. Please make informed choices including careful selection of friends who will add value to your life. This is a crucial stage in your life that should be carefully steered by yourselves. It is a stage of make or break and the choice is entirely yours!

Class attendance is mandatory to all students. Evaluations are done through assignments, CATs, and final semester exams. Examinations are conducted at the end of each semester and you are required to exercise integrity and honesty during exam sessions. Cheating in exams is highly illegal and the repercussions include expulsion from the University make sure you have read the Common Rules and Regulations for University Examinations which are available on the students' portal. Be appropriately aware since ignorance of these rules will never be an excuse for any student.

Remember that for you to get your education, it is a sacrifice by your parents/guardians, teachers, lecturers, the University and the Kenya government. It will be extremely shameful for you to waste all the sacrifices many people are making to support your education.

Once again you are welcome and I wish you well as you embark on your academic journey at the University of Eldoret.

PROF. RUTH N. OTUNGA
DEPUTY VICE-CHANCELLOR
ACADEMIC & STUDENTS' AFFAIRS

ORIENTATION MESSAGE
– 2022/2023
ACADEMIC YEAR
DEPUTY VICE CHANCELLOR
(ADMINISTRATION & FINANCE)

It is with great pleasure that I join my colleagues to welcome you to the University of Eldoret community. I want to congratulate each of you for excelling in your exams, a feat which qualified you to join this great institution of higher learning.

As a university, we are committed to help you to make progress right from the start of your learning journey by providing a conducive learning environment.

As we do our part, we expect you to play your role as well. As a university student, you are expected to pay your fees on time so that you do not miss out on your academic journey. In case you are a beneficiary of any bursary or getting assistance from any organization, please liaise with Dean of Students to ensure the funds are disbursed in good time. The best preparation for tomorrow, which is your future, is to do your best right now here in the University of Eldoret where, Global leaders and Innovators are nurtured.

Finally, dear student as you embark on this journey of achieving your educational dreams, I leave you with these words of the famous Thomas Edison an American inventor and business man.

" Opportunity is missed by most people because it is dressed in overalls and looks like work."

Prof. Wilson Ng'etich
Deputy Vice Chancellor
(Administration & Finance)

ORIENTATION MESSAGE – 2022/2023 ACADEMIC YEAR

**OFFICE OF THE DEPUTY VICE-CHANCELLOR
(PLANNING, RESEARCH & EXTENSION)**

The office of the Deputy Vice Chancellor- Planning, Research and Extension (PRE) was established in May, 2018. It works closely with the Division of Academic and Students Affairs; and Administration and Finance.

The mandate of the PRE Division is to oversee issues pertaining to Research and Innovations; Consultancies; Extension /Outreach activities; Industrial linkages, partnerships and collaborations; Resource Mobilization and strategic Initiatives; Income Generating Units; Planning and implementation of physical infrastructural projects; and Strategic Planning and Performance Contracting. The major role of the division is to support academic programs which is the core mandate by providing resources, a conducive environment for learning and fostering strategic collaborations with key partners for the achievement of the University vision and mission. The division is committed to create a conducive work ecosystem that supports our highly competent dedicated and professional staff to provide exemplary services to our students, faculty, support staff and other stakeholders. As a division, we want to emphasize to the freshers that planning is a very significant component of all life engagements. If you fail to plan, you plan to fail. As you join the University of Eldoret we from the PRE division, urge you to strategically plan for your campus life and future life right now that you know the profession you are likely to pursue.

Your planning should rely heavily on personal research and intuitive thinking of innovative approaches to attain your desired goals in life. Research is a common thread running through all kinds of professions and pursuits, from old days right up to the present day. A long list of successful professionals throughout history, dedicated to finding new knowledge and ideas that ultimately make the world a better place to live in. Your academic, social, spiritual and professional life stands to benefit greatly if all you do is informed by planning, research and innovation.

From the beginning think of how you can create a job for yourself and others. By joining the University today, there is a paradigm shift from a largely regulated to a free lifestyle where you do what your heart desires. Yes, take time to enjoy yourselves with your colleagues but do not forget that one and the most important goal of what has brought you here is to get good education and go out in the world with a valuable degree. You are however advised that with a good planning and strategies you can enjoy and at the same time leave this institution with an excellent career. Our aim as a University is not only to produce graduates but innovative leaders who in all spheres of life. With these few remarks, allow me to congratulate you most sincerely for joining University of Eldoret, the Flame of Knowledge and Innovation. Keep the knowledge flame burning and be innovative for a success today and in the future.

Thank you all and we wish you all the best as you engage in your academic career

**PROF. PHILIP RABURU
DEPUTY VICE-CHANCELLOR
(PLANNING, RESEARCH & EXTENSION)**

ORIENTATION MESSAGE – 2022/2023 ACADEMIC YEAR

THE STUDENT COUNCIL

**EVANS KIPCHUMBA
THE SC CHAIRPERSON**

Our first years, here comes an opportunity. A chance to start your higher learning studies at the university of Eldoret where we flame in knowledge and innovation.

On behalf of the 9th University of Eldoret Students Organization we welcome you to this institution and we wish you the best in your academic endeavours.

Ensure that you utilize this noble chance to grow in all aspects of life.

Karibuni UoE!

**TONY BLAIRE ONYANGO
THE SC SECRETARY GENERAL**

Greetings brothers and sisters. Today, we celebrate you as we help in ushering you into this prestigious world class university. A premier University that nurtures global leaders and innovators. As you now join this enormous family of academicians, we cheerfully and proudly welcome you. Welcome to the University of Eldoret Students Organisation.

It had long since come to my attention that people of accomplishment rarely sat back and let things happen to them. They went out and happened to things. That's how you all competitively qualified to be placed to The University of Eldoret.

There are rules and regulations of this University. We encourage that you read and adhere to them. If you do so believe me you, your four or five years will be of a great experience.

Lastly, there is no one magic move or secret that creates victory, but lots of little items that when added together can make you victorious. Thank you. Blessings.

THE Student Council
